

# Think About It

If you have thought about joining an at home business I want you to know from my heart to yours that Scentsy is a wonderful family to be a part of. I love to talk about the love I have for the product, but even more, the love I have for what didn't come in my start up kit. Friendship, paying off debt, confidence, relationships, traveling, and experiencing things I never even dreamed of. There is much more to the business than doing home parties, making a sale, and loving the product. This is what I want to share with you, all the possibilities. There are so many possibilities out there, you just have to take one and run. Here are a couple questions you might have.

\*How much does it cost to start up? \$99 plus tax and shipping

\*What is your commission? You start at 20% and after your first 1,000 in sales you PROMOTE and earn 25% in commission from then on.

\*Is this a scam or a get rich quick business? The answer to both is absolutely not. Mark and I have had the privilege of being with Scentsy for almost 5 years now and have watched many lives become blessed financially and emotionally. We are part of the DSA which means we follow a code of conduct and work with other companies to ensure that we function in a way that benefits all, not just one.

\*How do I maintain my Scentsy Status?

Just place an order of \$150 every three months to remain active

\*Do I get a discount?

Instead of a 30% discount you get a paycheck on the 10th of every month. This allows you to make more money with a downline AND helps this friend and family members not to ask for your discount.

\*What is in it for me?

There are so many things Scentsy has to offer. Trips, incentives, friendships, product, promotions, and so much more. You set your own hours and work as little or as often as you like!
